

Venura Wijenayake

Technical Support Specialist · Tier 1 Desktop, Hardware & Production-Systems Support

Sacramento, CA · ~25 min from Dixon · (916) 674-0801 (preferred, text) · (415) 374-1807 (call) · dev.venura@gmail.com · [linkedin.com/in/venura-wijenayake](https://www.linkedin.com/in/venura-wijenayake) · github.com/Venura-Wijenayake

SUMMARY

Technical support specialist and Computer Science graduate, ITIL 4 Foundation certified and CompTIA A+ (Core 1), with hands-on Tier 1/2 help desk, hardware repair, and Windows and macOS desktop support under SLA. Dependable on a fixed early schedule — a former sole-keyholder closing manager who has worked full shifts in cold-storage, food-safety environments. Local to Sacramento (~25 min from Dixon) and available immediately for onsite support, keeping production and manufacturing systems running and minimizing downtime.

TECHNICAL SKILLS

CERTIFICATIONS

CompTIA A+ (Core 1) · ITIL 4 Foundation · LPI Linux Essentials

EXPERIENCE

PC Technician — Natomas Unified School District (via Robert Half), Sacramento, CA Jul 2026 – Aug 2026

- Imaged, deployed, and break-fixed 40+ Windows PCs, Macs, and Chromebooks per week for a district-wide device refresh, meeting deadline-driven daily targets.
- Performed same-day hardware repair (component swaps, reimaging) and provisioned devices and user accounts via Google Admin console with accurate asset tracking.
- Maintained reliable daily throughput on a fixed early schedule in a fast-paced, deadline-driven environment.

Computer Hardware Technician — Softlogic PLC (Dell Authorized Service Center), Colombo, Sri Lanka Dec 2019 – Sep 2020

- Owned Tier 1/2 tickets end-to-end for 15–25+ Windows systems weekly under SLA — intake, troubleshooting, and escalation with full documentation.
- Performed component-level repair (BIOS, RAM, NIC, PSU), OS imaging, and driver installs in a Windows environment; built and configured 20+ PCs including server-rack work.
- Handled structured cabling, LAN connectivity, and peripheral integration; processed RMAs to company quality standards.

Paraeducator / Classroom IT Support — Folsom Cordova Unified School District, Rancho Cordova, CA Dec 2025 – Present

- Provide first-line support for Windows devices, Chromebooks, printers, and network connectivity; own issues and escalate to district IT per ticketing process.
- Respond to requests and troubleshoot LAN and login/access issues, translating technical fixes for non-technical staff in a regulated environment.

Closing Manager — Grocery Outlet, Sacramento, CA

Sep 2024 – Dec 2025

- Held sole close-of-business accountability for a high-volume store — supervised 8–12 staff, reconciled cash, and secured the premises on a fixed nightly schedule with zero oversight.
- Operated POS / inventory (ERP-style) systems and 10-key daily; followed SOPs and completed accurate end-of-day reporting.

Fresh Cut Clerk — Safeway, Sacramento, CA

May 2023 – Sep 2024

- Worked a fast-paced fresh-food production floor (cutting, packing, labeling) in refrigerated cold-storage under strict sanitation and food-safety standards — a coordinated, throughput-driven operation where steady flow kept output moving; lifted stock up to 50 lbs.
